Focus on: • EDUCATION • EMPLOYMENT • ENTREPRENEURSHIP

Dear fellow community member, greetings from ICCI.

Our wonderful nation, a vibrant, multi-cultural democracy is well on the road to becoming an economic super-power by the year 2030.

Imamia Chamber of Commerce and Industry (ICCI), The apex body of Imamia Businesses of India, was formed with a mandate to facilitate and enable more than 30 million strong Imamia Community of India, second largest population of Shia's after Iran to integrate strongly into the socio-economic mainstream of the nation, contribute to and prosper in the nation's growth. The focus of ICCI is on both community and nation building, since they are inextricably intertwined.

The Imamia community in India, like millions of Dalits and Minorities, has not benefitted from the growth that the nation has seen in the last seven decades post-Independence. According to the Justice Sachar Committee report on the status of minorities in India, almost 35% of Dalits and minorities still live below the poverty line and the level of graduates or technically qualified is an abysmal 3% and 1.6% respectively. Sources of formal employment are few, growing slowly and availability of financial support for entrepreneurs is still a challenge. This needs to change. And ICCI is bound to take up the challenge to change this situation.

ICCI is also delighted to having signed number of MoU's with Iran, most specific to Astan-e-Qods Razavi and hence, would like to work together with Astan on mutual objectives.

I am happy to share that the third National Annual Conference of ICCI would take place on 22nd, 23rd June 2019 at Messe Global Exhibition and Convention Centre in Pune. The theme of the conference would be around the ICCI focus areas of 3Es: Education, Employment and Entrepreneurship. There will be a National Expo of businesses to showcase, grow and share the progress of their successful enterprises from Shia Community. In addition, keeping in line with the new age trends and need for the young entrepreneurs of the community, there will be a third edition of National Start Up Challenge, where the brightest young community minds will showcase their technology, Innovation, ideas and takeaway spot funding in addition to mentorship support and VC funding from independent investors.

On this nation building occasion we would like to Invite you to attend, Exhibit, Partner with E3 summit & Expo. Guests from India, Iran, Pakistan, Jordan, KSA, Abu Dhabi, Tanzania, South Africa, Canada, UK, USA and Iraq are Invited at the Summit.

We look forward for Your fullest Support and Co-operation to ICCI & E3 Summit.

Warm Regards,

Mir Mumtaz Ali
 President - ICCI
